**"Our function services are unrivalled by other sporting grounds. We provide both quality in service and great attention to detail. This is our second year of running FMSG and so far we've hosted sell out tribute shows, comedy nights and special events. We serviced over 80 functions last year many opting for full catering. We've just completed renovations to our new suite and are hoping you can come and book a function. I am confident that after your event you will consider joining us as a member. Thanks to all the FMSG staff who work tirelessly in making sure we uphold our reputation for providing the absolute best standard in private function hire."**
